Thanks Trish,

Mr Saunter called Bob Helverson yesterday and left a message to call him back. We never reached him (left vm) and he never called back. We'll keep all posted as well.

Hi Mike,

Ex. 5 - Attorney Client

I can call Mr. Sautner back to talk about it with him however it seems like it is more of a legal issue and not with EPA, but with the Frack Nation film maker.

As for Ex. 6 - Personal Privacy I believe he is calling all of his EPA points of contacts about what he said is recent fracking operations and recent bad well water conditions. I provided him the RRC hotline number, basically saying the exact same thing you said (below).

Thanks,

Subject: Saunter Call/Complaint

Trish,

Got a call from Mr. Saunter (sp?) today. He was complaining about his/his wife's presence in the FrackNation film. I now understand that we had to release the film through FOIA, but I did not know that when Mr. Saunter called. I simply told him I would look into it and have someone get back to him. I also now understand that some communication/outreach was discussed/planned in HSCD.

I'm not sure if you received a call from Mr. Saunter or have spoken to him already. If not, can you please call him and explain

the issue to him ? **Ex. 6 - Personal Privacy**

Other issue: I also got a call this morning from **Ex. 6 - Personal Privacy** who said he was going to call the National Response Center to report an emergency in Dimock. According to **Ex. 6 - Personal Privacy** fracking had progressed at one of the Dimock homes and the water has since turned black and a "pudding-like or gooey substance" was now in the drinking water. I advised **Ex. 6 - Personal Privacy** that if he indeed did face a true emergency that it be can appropriately reported to the NRC for vetting and response.

Please let me know if you have any questions.

Thanks.

Mike
